

# ***OEO Approves 'Upward Bound' College Grant***

The Office of Economic Opportunity has approved the so-called Upward Bound grant of \$109,794 for training 70 college-bound students at Mt. Edgecumbe this summer, Senator E.L. Bartlett said in a wire.

Approximately half of the students will be Eskimo and Indian. Under project Upward Bound, students who are economically handicapped can receive training which will help them to prepare for college.

Public schools at Sitka, Wrangell, Juneau, Ketchikan, Petersburg, Haines, and Sheldon Jackson will recommend students for the program.
