Excluded from the above-described lands herein conveyed are the submerged lands, up to the ordinary high water mark, beneath all water bodies determined by the Bureau of Land Management to be navigable because they have been or could be used in connection with travel, trade and commerce, or are pending a tidal determination at the time of survey. Those water bodies are identified on the navigability maps, the original of which will be found in easement case file F-14930-EE.

All other water bodies within the lands to be conveyed were reviewed. Based on existing evidence, they were determined to be non-navigable.

Lands within U.S. Surveys which are excluded are described separately in this decision if they are available for conveyance. These exclusions DO NOT constitute a rejection of the selection application, unless specifically so stated.

The conveyance issued for the surface estate of the lands described above shall contain the following reservations to the United States:

1. The subsurface estate therein, and all rights, privileges, immunities, and appurtenances, of whatsoever nature, accruing unto said estate pursuant to the Alaska Native Claims Settlement Act of December 18, 1971 (43 U.S.C. 1601, 1613(f)); and
