

# 3 Village Natives VISTA Instructors

Three village natives for the first time were employed by the VISTA instruction system when University of Oregon hired Sadie David, Kongiganak; Morris Kiyetelluk, Shismaref; Edith Kernak and Mary (Dee) Stickman, Nulato, as VISTA instructors.

Sadie, Morris and Dee were VISTA Volunteer Associates last year from October 1, 1968 to May 31, 1969.

"Because they were excellent volunteers they were employed this summer by the university as VISTA instructors for the volunteers selected for Alaska," said Joli Morgan, VISTA supervisor for Alaska.

Morgan said that Sadie David and Dee Stickman have volunteered for a second year in the VISTA Associate Program.
