

Deadline for Crab Fishermen

JUNEAU — Aug. 1 is the deadline for registration of king, tanner and dungennes crab vessels for the 1975-76 season, the Department of Fish and Game reminded fishermen recently.

Registration can be accomplished for any of the several registration areas by completing a registration form available at most coastal offices of the Department of Fish and Game.

The forms may also be obtained by writing the Department of Fish and Game, Division of Commerical Fisheries, Subport Bldg., Juneau.

After the Aug. 1 deadline, late registration of king or tanner crab vessels can be permitted only in case of the loss of a registered vessel by sinking or destruction.
