PRIDE IN MY HERITAGE

PRIDE

is what it's all about.

I'm proud of who I am.
I know I've got
something to offer.
Something special.

My heritage.

Respect for my heritage
demands that I know the facts
about HIV and AIDS.

The chances of getting AIDS
are greater:

- when doing drugs,
 - having unprotected sex.
- Even if we don't know any
teenagers with AIDS now, it
doesn't mean we can't get it.

We can carry HIV, the virus
that causes AIDS, for years
without knowing it.

**Take pride in yourself.
Take pride in your heritage.**
