**Wanted:
10 young Alaskan students
to share \$10,000 in
scholarships.**

In a highly technical industry such as ours—the petroleum industry—it's soon apparent that our future leadership must come from highly-trained, highly-motivated young people. That's why at Atlantic Richfield we've established a scholarship program for young Alaskans. But there's more to our scholarships than just scholastic achievement—although that's important. We believe that a

well-rounded individual is most likely to make significant contributions to our state and nation. There are ten scholarships of \$1,000 each available, so if you're a high school senior with leadership potential, we'd like to hear from you. Your scholarship may be used at any University, College or Trade School in Alaska or outside, so that you may pursue whatever career interests

you want. If you're a resident of the State of Alaska, and are interested in obtaining complete details and an application, just write:

Scholarship Committee
