### NOTICE OF ADDENDUM Request for Proposal

During the week of November 12, 1979, the Community Employment and Training Assistance (CETA) Division solicited proposals to conduct a feasibility study and a comparative cost analysis study to determine the need and to develop specifications for the acquisition of an Automated Data Processing system (ADP). This system will support the recordkeeping and reporting requirements of the Comprehensive Employment and Training Act (CETA) program, administered by the Department of Community and Regional Affairs.

This is to notify all interested consultants that an Addendum to the original Request for Proposal has been issued. Specifically, the Addendum has extended the proposal deadline to January 21, 1980, extended the date for final submission of the studies to March 28, 1980, and issued additional publications and information on which a consultant may base a proposal. In addition, a Bidders Conference will be held on January 10, 1980, to discuss the user need and system requirements.

A complete Request for Proposal package, and/or the Addendum can be received by contacting Mr. Bob Palmer, CETA Division, Pouch BC, Juneau, Alaska 99811, (907) 465-4570.
