**In 1970,  
less than 1% of the people  
who bought Chaparral  
had to use their warranty.**

Less than 1%. That says a lot.

It says Chaparral snowmobiles spend their time on the snow and not in the shop.

And it says that about the only thing Chaparral owners have to replace is gas and oil.

It also tells you that Chaparral is not made to become obsolete in a year or so. No, when a Chaparral

is put together, it's put together to stay. Year after year after year.

That's why Chaparral was able to conquer a 12,500 foot peak in the Rockies. And that's why we say Chaparral can take anything you can dish out. Anything.

Check the complete Chaparral line soon. It's one tough machine. (Less than 1%.)
