

ADF&G issues subsistence report

The Alaska Department of Fish and Game's Division of Subsistence has just published a detailed examination of fish and wildlife harvest patterns in McGrath, Nikolai, Takotna and Telida.

It is entitled, Technical Paper No. 86, "Natural Resource Utilization of Four Upper Kuskokwim Communities."

A second report, Technical Paper

No. 132, "Wild Resource Use in Northway, Alaska," also has been published.

Both reports provide background information for addressing land use planning and resource management issues in the Upper Kuskokwim and Upper Tanana regions. Those who want additional information may contact Terry Haynes at 479-6211.
