

Governor Sheffield Endorses Pegge Begich U.S. CONGRESS

“Pegge Begich will be the kind of representative we need in Congress. She will work with the Democratic Majority in the U.S. House to see that Alaska’s needs are met”

FISHERIES ARE IMPORTANT: *Pegge supports the Americanization of Alaska’s fisheries, a phase-out of joint ventures and the end to interception of Alaska salmon by foreign fleets. She opposes oil development in Bristol Bay.*

GENERAL REVENUE SHARING IS VITAL TO ALASKAN COMMUNITIES: *Many rural programs are dependent on federal funds returned to our communities through the federal revenue sharing program. Our current representative let that program die in Congress. Pegge Begich will work for the refunding of that program.*

SUBSISTENCE IS THE CORNERSTONE OF RURAL ALASKA: *Pegge believes that subsistence is the traditional lifestyle of rural Alaska. The maintenance of that lifestyle is her top priority.*

CONGRESS WILL PLAY AN IMPORTANT ROLE IN 1991 LEGISLATION: *Alaska needs a Representative who can work with the majority party in the House to ensure that all Native voices are heard in Congress. Pegge Begich is the person who can make sure Alaskans have a say in their future.*

Vote for Pegge Begich on Nov. 4
