

Alaska-Yukon Railroad Historical Society Formed

The Alaska-Yukon Railroad Historical Society, an organization recently formed for the preservation of Railroadiana of Alaska and the Yukon, is planning a museum with both indoor railroad exhibits and outdoor railroad cars and engines on display. An operating Steam Train is also planned.

There were approximately 27 railroads in Alaska at one time or another, besides the many mine railroads, and the club is in the process of compiling data and pictures on these for a publication.

Anyone is welcome as a member and your support is greatly needed. Membership is only \$5 per year and you receive a card for your wallet and a beautiful 8x10 certificate suitable for framing.

Address is: Alaska-Yukon Railroad Historical Society, 213 Seward St., Juneau, Alaska 99801.
