LOWELL THOMAS, JR.

Lt. Governor

Dated this 17th day of January, 1977.

Public Notice

CORPS ANNOUNCES NEW PERMIT FEE SYSTEM

The Alaska District, US Army Corps of Engineers, is now required to charge a permit application processing fee for all Department of the Army permits that are issued for work in navigable waters.

The processing fee for permits sought for commercial/industrial uses is \$100. Commercial and industrial uses include all projects, the planned or ultimate purpose of which is commercial or industrial in nature and are in support of operations that charge for the production, distribution, or sale of goods or services.

Permit processing fees for private or non-commercial uses is \$10. For example, if an individual wished to dredge a small boat slip for private use by himself and his family, this would constitute non-commercial use and a fee of \$10 would be required.

There is no fee for transfers of permits, time extensions, work performed under general permit authorizations, or for permits issued to Federal, state, or local governments.

The fee should be submitted with a permit application but will be assessed when the permit is issued.

Questions on this subject should be addressed to the Alaska District, US Army Corps of Engineers, ATTN: Regulatory Functions Branch, P.O. Box 7002, Anchorage, AK 99510 (telephone 752-4942).
