Together We Can Do It. You Bet We Can.

Johnny T. Hawk, President and CEO of Calista Corp.: "I have sat down with both Tony Knowles and Arliss Sturgulewski and I'm supporting Arliss. If Tony Knowles becomes Governor it will be status quo. We can work with Arliss to make changes — with Arliss we will be in a better position to improve the lives of our people. Arliss is willing to listen to our concerns."

Trefon Angasan, Shareholder Relations, Bristol Bay Native Corp.: "I support Arliss because she understands and supports rural issues and SUBSISTENCE."

Richard Foster, State Representative, Nome: "Arliss has a big heart and she really cares about people. Arliss does things positively. On diverse issues like Subsistence and Mining, I have seen that Arliss absolutely works with all people to try to bring them together to a common solution."

Emil Notti, President, Alaska Native Foundation, Former President of AFN: "There are many reasons to support Arliss for Governor — but the most important reason is that she stood with rural Alaska on the Subsistence fight. No other candidate can make this claim."

Nelson Angapak, Former Chairman of AFN: "I'm supporting Arliss — she worked hard to protect the Permanent Fund — she sponsored inflation proofing so the Dividend is larger today. I watched her at the Special Session on Subsistence and she is a leader who will protect the Subsistence way of life."

Glenn "Tiny" Fredericks, former Co-Chairman of AFN: "Arliss has done all she can and will continue to do all she can to support Subsistence issues. Arliss is the best person to take the state into the 1990's. She is a good planner and will help the villages face the 1990's."

Senator Ted Stevens, Senator Frank Murkowski and Congressman Don Young: "Your leadership abilities, personal integrity and vision for Alaska's future are what our state needs in its next Governor."

Roy Huhndorf, President and CEO of Cook Inlet Region, Inc. ("CIRI"): "Arliss has gone to the wall for us on three separate occasions on Subsistence (1982, 1986 and 1990) and she has earned our support."

Martin B. Moore, President, Emmonak Corp.: "I have the greatest respect for Arliss — when she handled the Coghill withdrawal in a calm, respectful manner, she showed she has the leadership and ability to handle other problems. It is time for a change and I support Arliss for Governor."

Frank Pagano, President, Koniag, Inc.: "The quality of life of our people hasn't improved with the last Democratic governors — it's time for a change. Arliss knows the system and the players and Jim Campbell brings in the business know-how — as a team they can't be beat. They are honest and up front."

Edgar Blatchford, Chairman of the Board, Chugach, Alaska Corp.: "I think Arliss will be best for Alaska — she was committed to jobs and development for rural Alaska long before it became fashionable. No other candidate for Governor has a longer record and supported more legislation for bush Alaska."

Don Peter, Ft. Yukon, Director, Doyon Ltd.: "I support Arliss because of her continuous support in improving education."

Alice Petrivelli, Chairman of the Board, The Aleut Corporation.

Harriet Beleal, Vice President Tlingit-Haida Indian Tribes of Anchorage: "I support Arliss because Arliss will be a Governor for all people — Native and all other residents. She is fair-minded in all her decisions."

President George Bush: "When I think of the stand you've taken on ANWR on a sensible national energy policy to make us less dependent on foreign oil, all I can say is God bless you and good luck."
