

STATEWIDE OIL AND HAZARDOUS SUBSTANCE SPILL CONTINGENCY

DRAFT PLAN PUBLIC MEETINGS

Have your say in spill prevention and spill response!

One of the lessons learned from recent oil spills in Alaska is the importance of Alaskans' involvement in preventing and preparing for spills. Attend the meeting nearest you to comment on the new plan. It describes the roles and duties of state agencies and other parties during a spill, and the "Incident Command System" for coordinating the state's response actions.

NOV. 6

A Message From the Alaska Federation of Natives

Ruby John

RESPONSIBLE LEADERSHIP

"Ruby is active and has a strong voice in the Ahlta Native Corporation, which has turned a profit every year since its inception. I've seen her do her homework about the issues and make tough decisions. She'll get my vote for State House."

Nick Jackson,
Copper Center
Ahlta Board member
and former candidate
for State House
