

IS THIS WHAT YOU REALLY WANT?

**BECAUSE THIS IS WHAT YOU'LL
REALLY GET
IF YOU VOTE FOR BALLOT
MEASURE #2**

Soon you will be asked to decide where to spend our precious state dollars. Do you want more costly arrests, courts and jails? Or would you rather solve substance abuse by spending our money on treatment and education programs.

If we pass this ballot measure, we will be telling our kids that we prefer to jail people instead of giving them the loving, helping hand that they need. And it will allow government to take our minds and money off of the real substance abuse problems in Alaska — those which are caused by alcohol abuse.
