NOTICE OF PROPOSED CHANGES IN THE REGULATIONS OF THE DIVISION OF PIONEER'S BENEFITS DEPARTMENT OF ADMINISTRATION

Notice is given that the Division of Pioneer's Benefits, under the authority of AS 47.40.100, proposes to amend regulations in Title 2 of the Alaska Administrative Code, dealing with the Longevity Bonus Program, to implement AS 47.40.010 — 100, as follows:

after application requirements regarding allowable signatures, allowable absences from Alaska, certification of residency, and proof of age and residency;

provide specific guidance for submission and review of application, notification of applicants and disqualification of applicants;

broaden the opportunity for administrative hearings and reduce the allowable time to challenge a denial of benefits from 90 days to 30 days;

replace the existing prospective payment system with a retrospective system without interruption of benefits for current recipients and with delayed initial payment for applicants;

require monthly reapplication by all recipients except those on remote status, who have three months to reapply;

incorporate existing policy regarding withholding of bonuses when a recipient has been overpaid;

specify that a recipient who fails to return monthly application will be notified of that failure;

alter the method to compute absences from Alaska and the schedule of bonus payments to be forfeited upon an absence;

incorporate existing policy regarding suspension of payments;

specify provisions for indefinite disqualifications, expand the list of absences which allow a recipient to avoid a one-year disqualification as a consequence of extended absences, specify allowable absences during a period of disqualification, and impose time lines for responses to recipients;

favor telephone hearings over face-to-face hearings and allow the applicant to be represented by an agent and to terminate the hearing process;

incorporate existing policy regarding use of information in recipient files and ensure that information provided in confidence is not released to a recipient or to the public;

allow the signature of an authorized representative as a substitute for a personal signature in certain circumstances;

incorporate current policy regarding reimburse-

ment of employment;

provide for a transition to a retrospective system with limited interruption of benefits; and
