

**Six reasons why
we MUST vote for**

GEORGE McGOVERN

1. GEORGE McGOVERN has served as Chairman of the Senate Indian Affairs Subcommittee.
2. GEORGE McGOVERN sponsored the AFN Native Land Claims Settlement Bill. He said, "In view of the Alaskan Native's Legal rights, their social and economic needs, and the value of the land to which they have a rightful claim, the settlement they request is fair, resonable and humane."
3. GEORGE McGOVERN sponsored the law that set up the Head Start program and supported all other important education acts.
4. GEORGE McGOVERN made the first proposal to hold hearings in the bush of Alaska on the Sea Mammal legislation.
5. GEORGE McGOVERN was the principal sponsor of the School Lunch Program Act and the Food Stamp Act.
6. GEORGE McGOVERN is, above all, decent and honest. Robert Kennedy called him "the most decent man in the Senate."

Compare the McGovern record to that of Richard Nixon — who has vetoed the Major education and health bills, who supported a land claims Settlement of less than 10 million acres and who has failed to construct any housing for Alaska under the Indian Housing Act.
