

# **TUNDRA TIMES ADVERTISING INDEX**

The Tundra Times has always welcomed advertising from friends who like doing business with our readers.

If it weren't for our advertisers, there would be no weekly statewide newspaper keeping Native and rural Alaska informed about critical issues affecting their lives.

We would like to thank the companies listed below who helped make this issue of the paper possible. We hope that other firms will put their ad dollars to work in these pages. A few more ads would go a long way toward improving our village, regional, state and national news coverage, and our circulation.
