

Gruening, State Place Male Nurse At Gambell on St. Lawrence Island

Following a recommendation and efficiently than has been by Senator Gruening that there in the past." should be a full-time public health nurse stationed on St. Lawrence Island, the State Department of Health and Welfare this week informed the senator that a male nurse had taken up residence in Gambell on July 15.

Dr. W.J. Chapman, department commissioner, wrote Senator Gruening, "I feel certain this arrangement will go a long way to reducing the incidence of illness and to bringing medical care to these isolated people more rapidly
