## *Well Travelled Mustache Observes 10th Anniversary*

Nanook News of the University of Alaska under the column, "Melange Nook," by Dean Wariner, had the following to say about Prof. Jimmy Bedford:

"JIMMY BEDFORD'S mustache celebrated its 10th anniversary this week but Jimmy had no plans for a party. Jimmy's mustache is well known. It's been around the world."

Prof. Bedford serves on the board of directors of the Tundra Times.
