

The Shared Environment.

Exploring for Oil in the Beaufort.

"The Shared Environment" is an in-depth look at Exxon's environmental safety procedures—an explanation of the methods and equipment that help to prevent oil spills in Alaska's Beaufort Sea, and protect creatures like the Bowhead Whale. Join Exxon in exploring the shared environment.

The Race is Within.

Atlantic Richfield Company admires the inner strength it takes to develop a champion musher. The drive that keeps man and dog training year-round for a race that may be over in a few hours. These men are special. That's why the people at Atlantic Richfield take pride in sponsoring Doc Lombard in the Fairbanks, North American race, March 14, 15 and 16, and Herbie Nayokpuk in this year's Iditarod beginning March 1.
