

## Bristol Bay Special Provisions

The corporations within certain of the regions have a special option that can be exercised, according to the legislation. The option available involves the adoption of a resolution by the shareholders to extend restrictions on the sale of stock. Where other regions will have their stock automatically restricted until they vote to lift the restrictions, the shareholders of the Bristol Bay region, Cook Inlet region, Aleut region, as well as Koniag, Inc. must approve such restrictions if they are to be extended.
