DESIGN & CONSTRUCTION
CENTRAL REGION**

Project No.: A83731
Project Name: Klatt Road/Old Seward Hwy, Phase II
Description of work: Project consists of the installation of loop detectors, providing additional electrical wiring in conduit. The project also covers widening Old Seward Hwy to 50 feet through the intersection, providing protected left turn and through lanes. Also providing guide signs, striping, and modifying existing approaches. Principal Quantities of Work: Mobilization; Lump Sum; All Req'd. Highway Lighting System, Complete; Lump Sum; All Req'd. Crushed Aggregate Base Course; Ton; 1,300 Asphalt Concrete, Type 4I; Ton; 785 Traffic Signal System, Complete; Lump Sum, All Req'd. Thermoplastic Pavement Marking; Lump Sum; All Req'd. Engineer's Estimate is \$250,000 to \$500,000.

All work shall be completed in 60 calendar days. Bidders must submit certifications stating whether or not they intended to subcontract a portion of the work and, if so, that they have taken affirmative action to seek out and consider minority business enterprises as potential subcontractors. Each bidder intending to sublet part of the contract work shall make contact with potential minority business enterprises subcontractors to affirmatively solicit their interest, capability, and prices. Bidder shall document the results of such contacts. A bidder's failure to submit this certification or submission or a false certification shall disqualify the bid for award. Certification Form 25A327, Minority Business Enterprise Subcontract Declaration, will be submitted before award.

PLANS AND SPECIFICATIONS may be obtained by all who have a bona fide need for them for bidding purposes from Chief of Technical Services, Central Region, Design and Construction, Department of Transportation & Public Facilities, Mailing Address: Pouch 6900, Anchorage, AK 99502-0900; 4111 Aviation Drive (Aviation Building) (907) 266-1580. One set available to qualified bidders at no charge.

Cross-sections are available for the cost of printing.

Documents are available for INSPECTION AT: AGC offices in Anchorage, Fairbanks, Juneau, AK and Tacoma, WA; MBE Services Center, Fairbanks and Anchorage, AK; Construction Plan Bureau, Anchorage and Fairbanks, AK; Northwest Plan Center, Seattle, WA and Portland, OR; Dodge-Scan, Seattle, WA; Construction Data & News, Seattle, WA; Sno-King Plan Center, Lynnwood, WA; Regional DOT/PF, Technical Services, Douglas and Fairbanks, AK.

Bid submittal and contract execution are described in the bid documents. Five Percent (5%) bid security is required.

Technical questions direct to: Allen Moor (907) 266-1532. Questions regarding documents/procedures direct to: Loren Rasmussen, Chief of Claims/Bids (907) 789-0841, Ext. 257.

Sealed bids will be received at the Office of Claims & Bidding, 6860 Glacier Highway, P.O. Box 589, Juneau, AK 99802, (Conference Room, Second Floor), until 2:00 p.m., Juneau prevailing time on March 31, 1983 when the bids will be publicly opened and read.

REQUEST FOR PROPOSAL

The City of St. Mary's is seeking professional engineering and con-

sulting services for the purpose of evaluating the existing water and sewer service system of St. Mary's and developing plans for the expansion of the system to serve developing areas of the community. The existing water and sewer system consists of an infiltration gallery intake, gravity water storage tank, circulating pitotific water system, and gravity sewer system with lift station and sewage lagoon. Among the tasks to be accomplished are the following:

1. Evaluate the capacity and operational characteristics of the present water and sewer system and develop recommendations and cost estimates for necessary repairs and/or improvements.

2. Determine whether potential health hazards exist due to the location of the water supply intake and community growth patterns. Develop alternative recommendations, preliminary plans, and cost estimates to alleviate any potential health hazards that may exist.

3. Based on population growth trends and proposed development plans of the community, develop alternative recommendations, preliminary plans (layouts, not detailed plans and specifications), and cost estimates (both capital costs and operation and maintenance costs) for the various alternatives so that the city residents can make informed decisions regarding capital improvements.

4. Prepare a draft report with its findings, conclusions and recommendations regarding the above tasks for the city to review. The city will provide its comments and recommendations within four weeks of receipt of the draft report for inclusion in the final report.

The final document will be in the form of a report to the City Council of St. Mary's.

Proposals are due at the office of the City Manager, Box 163, St. Mary's, Ak. 99658 no later than 7:00 p.m. March 31, 1983. Inquiries may be directed to Tim Troll at the address above or at 438-2515.
