First Request for Proposals

The Alaska Science and Technology Foundation

is requesting proposals for research and development projects in Alaska to further the purposes of the Foundation, which are to make long term investments in economic development and technological innovation in Alaska through applied and basic research that will enhance the State's economy, help build our science and engineering capabilities, and improve the health status of Alaskans.

PROPOSALS ARE ENCOURAGED FOR ALL PROJECTS THAT WILL ASSIST IN ACHIEVING THESE GOALS. In addition, the Foundation is specifically seeking proposals for projects dealing with the following areas:

- Fisheries Projects
- Coal Technology/Energy Projects
- Forest Products Technology Projects
- Rural Energy Systems and Telecommunications Projects
- Public Health and Safety Projects

If you are potentially interested in applying for a Foundation grant, you should request a solicitation packet from the office address below. The packet includes the *General Solicitation* document and the forms and instructions necessary to apply for a grant.

To be considered for funding in this initial review period, applicants should submit preproposals and requested proposals to the Foundation by April 1, 1989. Proposal award decisions will be made on June 6, 1989. Preproposals and proposals received after April 1 will be automatically considered during the next review period.
