

AN OPEN LETTER TO MY FRIENDS AND OTHER ALASKANS

I would like to advise you that I am supporting Don Pruhs for the State Senate in District I.

I have known Don for the past twelve years and he has proven to me that he is the type of person who is very well qualified to be a member of our State Senate. In my association with Don Pruhs he has proven that he understands the problems of the Alaska Natives as well as the other residents of this very wonderful State and I feel that his qualifications and sincerity will be a great asset in our State Senate.

I would further like to encourage my friends and other Alaskans to support Don Pruhs and give him your vote in the coming State election on November 3rd.
