### Alaskans for Sensible Fish & Game Management

*opposes*

#### The "Personal Consumption of Fish and Game" Initiative

*We oppose this initiative for the following reasons:*

- \* the existing state Subsistence laws provide a fair and reasonable tool to use in management of fish and game resources
- \* the passage of the initiative could create chaos in Alaska's management system
- the new laws created would hamper the ability of the Boards to effectively manage fish and game resources for all user groups
- federal intervention after passage would result in two managers of Alaska fish and game, the Department of Interior and the Department of Fish and Game

*We are campaigning to educate the public about the adverse effects of this initiative.*

I SUPPORT THE CAMPAIGN TO DEFEAT THIS INITIATIVE.

I AM FOR SENSIBLE FISH AND GAME MANAGEMENT IN ALASKA.
