

ARTIFACTS WANTED! If you are going to sell old-time objects, please contact the Alaska State Museum first. If you have old-time things that need special care, you can lend them to the Museum for safe-keeping and display. If your things are in the Alaska State Museum, they stay in Alaska. Contact: Jane Wallen, Director, Alaska State Museum, Pouch FM, Juneau, Alaska 99801, phone 586-1224.

AN INVESTMENT IN THE FUTURE YOUR EDUCATION AT SHELDON JACKSON COLLEGE

FISHERIES, FORESTRY AND LOGGING MANAGEMENT courses are designed for the person who wants more than work just in the field, but wants administrative responsibility, too. Close to logging operations, pulp mill and a multi-million dollar fishing industry, Sheldon Jackson College provides the ideal place to study some of today's vital businesses in the Alaskan economy. Course of study in logging includes Forestry Measurement, Resources of Alaska, Logging Methods, Introduction to business, Introduction to Management Approach, and related forestry electives as well as a background in business, science and the arts. Forestry and Fisheries curricula are similar, but oriented to those fields.

Just as computers are the key to Alaska's future, so the DATA PROCESSING courses at Sheldon Jackson College may be the key to your future. Students learn the computer's language—how to set up and solve problems in business, finance, research, science and industry. Sheldon Jackson's newly leased IBM model 1130 computer is on campus for first hand instruction using the latest teaching techniques. Rounding out the Data Processing curriculum is a university-parallel selection of courses from the arts and science. Already more than 40 computers are spread throughout Alaska, with many more expected—now is the time to begin your education in this fast-growing field.

It's not surprising that FLIGHT TRAINING is proving to be one of Sheldon Jackson College's most successful courses, since Alaskans fly more than anyone else. The student receives flight instruction in the school's Cessna 150. This training plus the thorough ground school prepares the student for the flight and written examinations for private or commercial pilot's license. The Sitka area is an ideal location, with a 5,000 foot paved and lighted runway, FAA Flight Service Station, designated amphibian and floatplane landing area and active airline and charter services.

Social and spiritual growth of students is developed through their participation in musical, dramatic, religious, social, athletic and political activities. Sheldon Jackson College is fully accredited and course credits are transferable. The 352 acre campus with 16 buildings plus staff housing overlooks the ocean and is surrounded by the mountains and forests of Baranoff Island. Downtown Sitka is within walking distance.

*Openings are still available for the Fall Semester.
