The highest honor, for Outstanding Application, was earned by Elsie Francis (St. Mary's) who attained the "E" Honor Roll.

This distinction reflects all-around excellent student attitude, participation, and effort. Application, or doing one's best, is one of the primary values encouraged by St. Mary's Catholic High School among its students.

The first week of December was a busy time for students and staff of St. Mary's Catholic High School as many chose to participate in Basic First Aid and CPR classes taught by Bill Cuskelly of the Yukon-Kuskokwim Health Corporation.

Taken after school and in the evenings, the classes were seen to be a good time to foster education in a practical area. It was a good chance to take things learned in regu-

lar health and science classes and to actually put them into action.

Those involved learned basic and advanced health skills which can be applied in their everyday lives whether at school or in their home villages.

It was felt to be a good opportunity to learn something that will benefit others and possibly even save someone's life while waiting for other medical help.

Those successfully completing the Basic First Aid course were: Josephine Immamak (Emmonak), Monica Augline (Alukanuk), Molly Andrews (Emmonak), Larry Tonuchuk (Kotlik), Greg Slats (Chevak), Wanda Solomon (Kaltag), Chris Noratak (Chevak), Pauline Pete (Bethel), Edward Soolook (Little Diomed), Leona Moses (Chevak), Dorothy Kinzy

(Bethel), Orville Ahkinga (Little Diomed).

All of these students will receive certified cards from the American Red Cross.

Those completing the Cardio Pulmonary Resuscitation (CPR) Course were: Caroline Boliver (Marshall), Wanda Solomon (Kaltag), Addie Thompson (St. Mary's), Diane Semaken (Kaltag), Rick Rodgers (Staff Member), Charlie Hill (Staff Member), Bernie Colasurdo (Staff Member).
