

BRANCHING OUT

Robin Harrison, Barrow branch manager, has worked hard to understand the banking needs of her community. Implementing the "Savings Coupon Plan" and offering mortgage loan workshops to assist home buyers through the loan process are just two examples of her willingness to provide quality service to Barrow customers.

A Barrow resident since her youth, Robin counts as her favorite hobbies any ball games: basketball, volleyball, softball... you get the picture. Robin is active in the local rotary club and has been known to coach a girls' junior high basketball team.

Robin has been very helpful with developing a better understanding of unique aspects of rural banking. Thank you Robin.
