

ALLAKAKET AND ALATNA

OPPOSE ROADS

December 12, 1973

We, the undersigned, are strongly opposed to any road or railroad into or through the Allakaket-Alatna areas, (Alatna River-Brooks Range-Henshaw River-South Fork River.)

We also strongly oppose the proposed Prospect Creek to Kobuk Road.

With the building of a road or railroad through the Allakaket-Alatna area would come nothing but destruction and misuse of the land and its wildlife of which our lives are so greatly dependent upon.
