

A Happy New Year With A Real New Beginning . . .

Alaska will begin 1974 with fresh opportunities for the Alaska Native peoples. With the arrival of over 130 million dollars this month in payments to Native corporations under the Alaska Native Claims Settlement Act of 1971, Eskimos, Indians, and Aleuts will now have the chance to make wise investments to pass along to future generations. Each Native enrolled in the regional and village corporations will soon receive stock certificates as members of these corporations. Now it is up to Native people to exercise the rights as members of regional and village corporations and to participate in decisions affecting the future of the Alaska Native people. Contact the legal division of your Native corporation to find out what your rights are as Native stockholders. Make your Native corporation work for you and your children. May we all have a Happy New Year with a real new beginning for Alaska Natives.
