

# *Surprise Treasury Department*

NOW IS THE TIME

Now Is the Time

\*To take the Christmas wreath off the front door.

\*To invent something that will make you rich. Like an ear plug that screens out only popular music. Or a non-tail-gating car. Or a potato that tastes like a pork chop.

\*To order tin cans or glass jars to can fish in next summer. The Extension Service has detailed information on how-to-do-it.

\*To start doing a few push ups every morning. The construction season will be starting soon.

\*To go to the dog races. Not the dogs, the dog RACES!

\*To set yourself for baseball's spring training season. Everybody is a champ between now and opening day.

\*To surprise the Treasury Department—get your income tax payment in early.
