To: All Customers

The Federal Communications Commission requires Matanuska Telephone Association to increase charges to residential and single line business customers \$1.00 per month for subscriber line charges, effective June 1, 1986. This increase applies to single-party and multi-party line customers, including Centrex or Centrex-type customers.

These subscriber line charges are designed to recover a portion of the costs of connecting telephone customers to the nationwide telephone network that in the past were recovered through interstate long distance charges. We anticipate that the increased subscriber line charges authorized may be offset by reductions in charges by long distance service providers.

The new charges, effective June 1, 1986 are:

Rate Per Month

Individual line or trunk,
including multi-party lines, each: **\$2.00**
