Rural Business Development For Low-Income Bush Communities

THE COMMUNITY ENTERPRISE DEVELOPMENT CORP. (CEDC) offers assistance to low-income residents in remote villages that wish to form or further develop community-owned enterprises.

CEDC provides financial, managerial, and related technical assistance to rural communities qualifying for assistance under Title VII of the OEO Act. CEDC assists a village in identifying sources of funding and helps the village to prepare an application for financial assistance to either local banks or state and federal agencies. Communities unable to obtain financial assistance through these regular channels may be funded directly by CEDC, if the business has a reasonable chance of success.

For an appointment with the CEDC representative please contact:
