

Counseling workshop given last month

By Kathy Palmer

Acting Village Health
Services Coordinator

Four North Slope Health Aides completed a week of training on Sexually Transmitted Diseases, Counseling Techniques, Coping with Stress, and Assertiveness Training.

Our thanks to Marty Quimby with the State STD program and Paula Rasmus with the

Growth Co. for traveling to Barrow and presenting such a successful program.

Betty Kignak from Atkasuk, Lucy Segevan from Wainwright, Bobbi Smith from Anaktuvuk Pass and Lillian Akootchook from Barter Island attended the training. Also joining us for Assertiveness training were Irma Hunnicutt and Helen Stein from Point Hope.
