

tion will be in one of the existing field center sites (Barrow, Bethel, Dillingham, Ft. Yukon, Galena, Holy Cross, Kotzebue, or Nome) to be determined in August.

The X-CED Program is a field-based, distant-learning, teacher education program leading to the Bachelor of Education (B.Ed.) degree. Approximately 130 students, mostly Alaska Natives, are served throughout rural Alaska by faculty members and Regional Coordinators from the field centers named above. Regional Coordinators are supervised by the field faculty members assigned to the same service region. They work closely with X-CED students in the region, assisting them with coursework and providing other support services. They are also responsible for assisting with the development of the X-CED Program within the region, working with local groups and organizations. They also work closely with regional schools and school districts.

To qualify, applicants should possess a Bachelor's degree and additional background or training in cross-cultural education. Prior teaching experience in an Alaskan rural, cross-cultural school is preferred. The ability to speak one or more Alaska Native languages is desirable. The Regional Coordinator will be required to travel often to remote villages, utilizing small aircraft and other means of transportation.

The contract period will be from August 30, 1982, through May 14, 1983. Salary and benefits will be determined by placement on the University of Alaska APT schedule. A complete application will consist of a letter of application, copies of official transcripts showing degree work, and three letters of reference. These items should be mailed to:

#### PUBLIC NOTICE

Department of Transportation and Public Facilities Division of Design and Construction Advertisement for Requests for Proposals from Consulting Civil Engineers and Land Surveyors.

The Commissioner of the Department of Transportation and Public Facilities, State of Alaska, has determined it is in the public interest

for the Department to enter into professional services contracts with private engineering firms for furnishing services for surveys, geotechnical investigations and materials testing on various projects within the Central Region from September 1982 through June 30, 1983.

Specific projects including project location and work descriptions are not established at this time. Consultants will be selected on the basis of their experience and ability to provide, in a timely manner, the various professional services required.

There is no guaranteed minimum amount of work and maximum amount of the individual contracts is to be limited to \$100,000.00.

Copies of the Request for Proposal and Proposal Form can be obtained by contacting the project manager:

Frank P. Narusch, P.E.  
Alaska DOT/PF  
Pouch 6900  
Anchorage, Alaska 99502  
Phone (907) 338-4200

The Request for Proposal details the rating format for selection of the consultant for each type of contract and provides more detailed information on the scope of services required.

The Department will select one or more firms or individuals from those submitting proposals for a negotiated contract.

Professional Liability Insurance in a minimum amount of \$100,000.00 for each claim will be required of each consultant selected for contract negotiations.

Proposals will be received until 1:00 p.m., August 30, 1982 at the 4111 Aviation Drive office of the Alaska Department of Transportation and Public Facilities, and should be mailed or hand carried to James J. Rhode, Chief of Technical Services, Central Region, Pouch 6900, Anchorage, Alaska 99502.

Sincerely,  
Richard S. Armstrong  
Director, Design and Construction  
Central Region ADOT/PF
