BUSINESS LEADER OF THE WEEK

CONGRATULATIONS

DANIEL ALEX

Daniel Alex has contributed a great deal of his time and effort not only in the business world, but as a community service leader as well. Having recently been named President of Eklutna, Inc., after spending four years as the corporation's Executive Director, Daniel is currently involved with the implementation of the Alaska Native Claims Settlement Act. Daniel also spent 7½ years as a geophysicist with the U.S. Naval Oceanographic Office in Washington, D.C. and has taught at the Alaska Methodist University Physics Lab. He is also chairman of the Alaska Native Land Managers Association, a member of Ikluat, Inc., Rotary International and the American Association of Physies.

Daniel is a long time Alaskan, having been born and raised in the village of Eklutna with his 11 brothers and sisters. He graduated from Alaska Methodist University in 1964 with a BA in Math Physics. Daniel enjoys gardening, repairing electronics and spending time with his wife Nancy and 6-year old daughter Jennifer.

United Bank Alaska proudly salutes Daniel and congratulates him for being an outstanding leader in our business community.
