

In accordance with requirements set forth by the "Federal Highway Administration", the following provisions are made a part of all advertisements for highway construction contracts:

"bidders must submit certifications stating whether or not they intend to subcontract a portion of the work and, if so, that they have taken affirmative action to seek out and consider minority business enterprises as potential subcontractors. Each bidder intending to sublet part of the contract work shall make contact with potential minority business enterprise subcontractors to affirmatively solicit their interest, capability, and prices, and shall document the results of such contacts. A bidder's failure to submit this certification or submission of a false certification shall render his bid nonresponsive."
