

Check Income Tax Return

Before sending in your 1972 Federal income tax return, check it over to see if you've left anything out, Mr. Charles Roddy, District Director of Internal Revenue for Alaska, said today.

Alaska taxpayers who do this can often catch errors in arithmetic or information they have omitted, he said.

Taxpayers should also be sure to attach the pre-addressed label to the return, attach all W-2 Forms, and all schedules, and sign the return. Both husband and wife must sign a joint return.

Mr. Roddy stated, "Taxpayers who avoid errors by double checking their tax returns will prevent delays in processing the return and speed up any refund due."
