

Wins Award

A Juneau sixth grade student, Carolyn Yadoo, of the Capital Elementary School has been judged the winner of a state-wide nutrition poster contest sponsored by the State of Florida, Department of Citrus. The announcement of the winner was made by Mrs. Marge Dawes, School Food Coordinator for the Department of Education, and she announced the winner will receive a Raleigh bicycle.

The second place winners were Katherine Chichenoff, an eighth grader at Ouzinkie School in that community and Tracy Hamrich, a third grader at the Susan B. English School in Seldovia. Both will receive \$50 savings bonds from the Florida organization.

Mrs. Dawes said that the winning poster will now be entered in a national contest where the winner will receive a three-day trip to Disney World in Florida with his or her parents. In addition, two runner-up contestants will receive Raleigh bicycles and three winner's schools will receive checks for \$500 to purchase audio-visual programs.

The winning poster, incidentally, depicted a good breakfast consisting of orange juice, cereal and milk with the drawing showing a girl about to eat the breakfast and the theme of the contest was spelled out by having a happy face on the tee shirt that the girl was wearing.

Mrs. Dawes said, "we feel that this contest has been exceptionally valuable as a learning technique and that children have learned about good nutrition in an entertaining and interesting way."
