

THAT'S A FACT

KERNEL COUNT

THERE IS ALWAYS AN EVEN NUMBER OF ROWS OF KERNELS ON AN EAR OF CORN! NORMAL EARS OF CORN WITH AN ODD NUMBER OF ROWS OF KERNELS ARE RARER THAN FOUR-LEAFED CLOVERS!

DOUBLE CELEBRATION...

1966 MARKS THE 25TH ANNIVERSARY FOR THE POPULAR E BOND AND FOR THE REMARKABLE VOLUNTEER INSTITUTION KNOWN AS THE U.S. SAVINGS BONDS PROGRAM - BORN TOGETHER ON MAY 1, 1941

IN THE RED!

THE REASON THAT SCHOOL HOUSES WERE ONCE PAINTED RED WAS NOT THAT THIS WAS A FAVORITE COLOR - BUT BECAUSE RED PAINT WAS THE CHEAPEST OBTAINABLE!
