PUBLIC NOTICE
DEC OFFICES CLOSED FRIDAYS

Slumping oil prices mean less money to operate State government. At the Alaska Department of Environmental Conservation, we are managing to keep all our programs operating and our employees working through a reduced work week. This requires us to close DEC's Anchorage District/Southcentral Regional Offices one day each week until further notice. The Anchorage Seafood Office will remain open five days a week.

As of September 1st, please schedule your business with DEC for Monday through Thursday, and whenever possible call ahead for an appointment, since the DEC office will be closed on Friday until further notice.

Thanks for your cooperation. With your help, we will continue our job of protecting the environment and public health for Alaskans.

Bill Ross, Commissioner
Alaska Department of
Environmental Conservation
