# Subscribe To Your Own Copy Of Tundra Times

Everyone familiar with the lively Tundra Times knows how many people are reading a friend or neighbor's copy.

It's been somewhat of a tradition to buy a copy, read it and pass it around to family and friends. Great! but that puts us in a bit of a spot. We're improving the paper. We want to give readers and advertisers more for their money — or their friends money. The point is — if you're now only a reader, how about becoming a subscriber. It will help us be more for the money: only \$10 annually.
