

Gov. Praises Hensley For Housing Support

Governor Walter J. Hickel this week singled out State Rep. Willie Hensley, D-Kotzebue, for praise for having declared that he will support an increased state funding share for the native housing program.

"We will welcome the support of Mr. Hensley, and all other legislators on both sides of the aisle," the Governor said. "The advancement of our native peoples must continue to be a priority project for all Alaskans."
