

# Mrs. Eunice Shriver Calls for Availability of Measles Vaccine

Mrs. Eunice Shriver, sister of the late President Kennedy and wife of Office of Economic Opportunity Director Sargent Shriver, this week called to Senator Gruening's attention the need of making the measles vaccine available to all.

In a letter to the senator, she pointed out how and why

this should be done and gave the statistics which indicate the need for increasing the availability of the vaccine in Alaska.

Senator Gruening immediately wrote the commissioner of the Department of Health and Welfare, Juneau, asking that he take appropriate action.
