

Fairbanks Center moves

Bigger and better things can be expected from the Fairbanks Environmental Center in 1978. The center has moved into a more spacious office. The center now occupies the top floor of the two-toned green house at the Steese Highway-College Road intersection.

Interior Alaskans are invited to stop in for a visit. Feel free to make use of the expanded library.

The Environmental Center's new address is 431 Steese. The phone number is 452-5021.
