**We're
sticking.**

Atlantic Richfield Company has
been in Alaska for a long time.
Our people have been active here
from the days of our Swanson River
discovery on the Kenai Peninsula
in 1957, to Prudhoe Bay in 1968.
Atlantic Richfield plans to remain
active in Alaska oil exploration and
production for years to come. There
have been both ups and downs in the
past and there will undoubtedly be
more in the future. But we're
sticking through it all. Long
live the ups.
