

Youths recycle pop cans in Emmonak

by Adele Virg-In
for the Tundra Times

EMMONAK — At the beginning of fall, the elementary students in Emmonak went around the village and picked up pop cans so that they could be recycled.

The student council held a can crushing party for all of the students who picked up cans. The object of the party was to get all of the kids to crush and bag the cans.

Once they got all of the cans taken care of the student council members handed out pop and popcorn.

When they were all done cleaning up the gym and eating their popcorn, the kids relaxed with a water balloon toss.

Adele Virg-In is a ninth grader at Emmonak.
