

# *Gambell People Out of Gasoline*

By **JOHN KULOWIYI**

**Savoonga Correspondent**

I have made a trip to Gambell about couple weeks ago by my snow machine. Hardly any news but I'll give what I hear and saw.

Gambell Native Store is out of gasoline. This is very important in spring. We have to paddle our boats most days when we're out of fuel for our motors.

They saw few right whales when I was over there but the weather was not good for them. After I left Gambell, one boat lost a whale in fog.

Savoonga, while Gambell has no gas, we have lot of gas. Our store manager here did sent word over to Gambell that we can share some gas but nobody came for it.

I guess they will use boat sail.

The weather is good but not good for boat hunting. Some boats went out two days ago and brought in 12 walrus that day.
