**ALASKA NATIVE
HERITAGE PARK**

**Is on the Ballot in
this Election.**

Anchorage voters will be asked to **REPEAL** the permission of the Municipal government to lease 62 acres out of 4,260 acres of the Far North Bicentennial Park for a Native Culture Center.

The Alaska Native culture center will use only 1.4% of the Park and will:

1. Create 110-130 new jobs.
2. Be a major visitor attraction for Anchorage.
3. Pay the city government 3% of admissions & 7% of concessions as a lease payment, after 5 years.
4. Create a new cross country ski trail for public use.
5. Be an educational facility where Native culture and history will be shared with all.

Please vote, "**NO**",
not to repeal.

Vote "No" on Proposition A

Strengthen Native Culture.
Diversify our Economy.

Don't Risk the Future of Rural Alaska.

**Vote against a constitutional convention on Tuesday, Nov. 3 —
it's too expensive, unnecessary and it would be dangerous...**

◆ **TOO EXPENSIVE**

When we can't even afford basic services in many parts of rural Alaska, we certainly should not spend scarce funds on a \$6 million convention with no clear purpose.

◆ **UNNECESSARY**

Alaska already has an amendment process. The fact is, the state constitution can be amended at any time. We've amended it 22 times, including the time we created the Permanent Fund.

◆ **DANGEROUS**

Calling a convention puts the entire constitution at risk. The fact that single-issue groups are calling for a convention is a dangerous sign that it could result in a convention slanted toward individual causes, rather than the good of the public.

Proposition #1**
